Hidromontaza, a federal construction enterprise located in Maribor which formerly constructed steel bridges, has built the lock gate for the hydro-electric plant on the island of Maribor. Hidromontaza has an order to make the lock gates for the Vinodol hydro-electric plant. Hidromontaza has not been able to complete the latter order by 1 May 1950 as scheduled, and therefore the Vinodol hydro-electric plant is still not in operation.
